About the Resort: "In My Words"

El Dorado Seaside Palms, Riviera Maya, Mexico

This beautiful, adults-only boutique resort is located just an hour and 20 minutes from the airport (close to Playa del Carmen). It hosted Música Under the Palms in 2025 and 2026, and both years were a massive success!

It's the absolute "best bang for your buck" in the Riviera Maya offering the perfect balance of fun, social energy, and relaxing chill time.

The Layout: Two Vibes in One Resort

Guests have full access to both areas of the property, giving you the best of both worlds depending on your mood:

The Palms Section (Our Host Area):

Cozy, low-rise buildings scattered through an incredible forest of gorgeous palm trees. It's quiet, romantic, and intimate.

The Seaside Palms Beach:

Features a beautiful beach with calm, shallow waters perfect for wading.

The Seaside Suites Section:

A modern high-rise building with a lively, social atmosphere.

The Seaside Suites Beach:

Set on a bit of a slope with some rocks in the water (not ideal for swimming, but great for views!).

The Rooms & Food:

The rooms are spacious, clean, and incredibly comfortable. While they have a slightly classic/older feel, every room features a jacuzzi and super-comfy beds. The food here is wonderful, using fresh, organic vegetables and herbs grown locally at their sister resort, El Dorado Royale!
